Adding and updating Track artwork

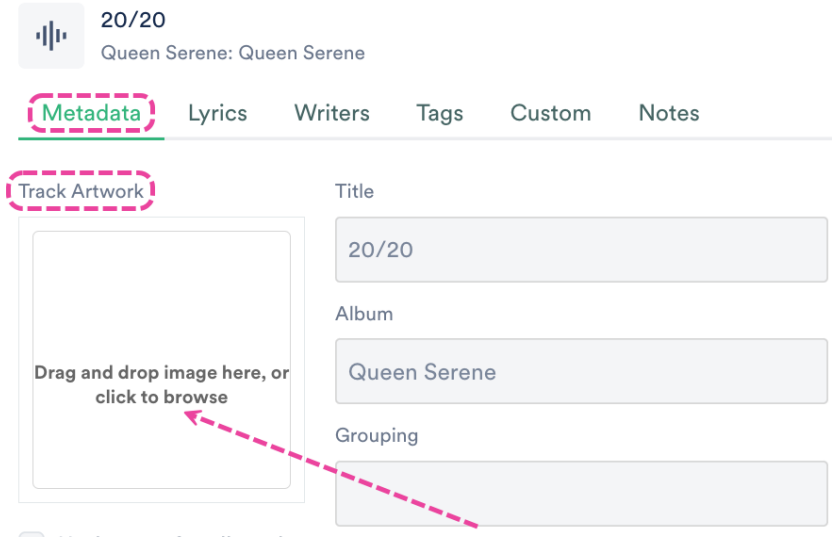

Last Modified on 10/14/2026 12:56 pm PDT

If you upload a Track to DISCO with artwork already included in the metadata, it will be displayed automatically. You can also manually add new or update existing Track artwork.

For your Track artwork, we recommend uploading a square 1400px x 1400px JPG or PNG file at high image quality.

At a glance

Track artwork can be added or updated from the **Track Information** page.

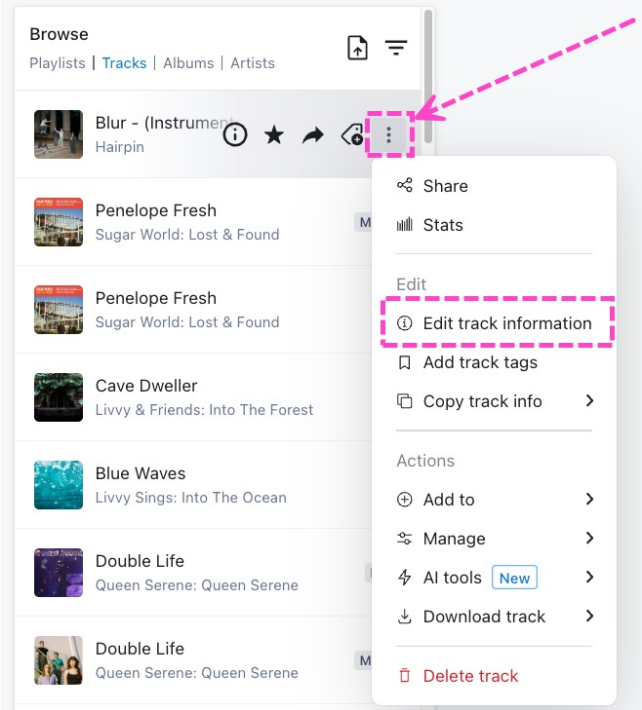

You can do this for individual Tracks, or multiple Tracks in bulk!

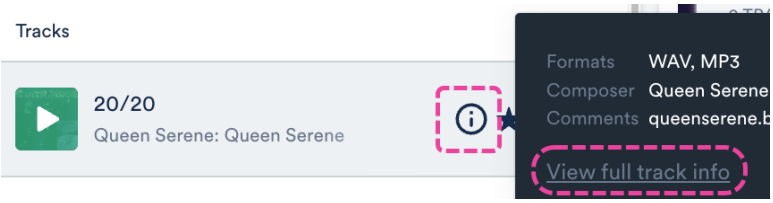

Adding Track Artwork

For a single Track:

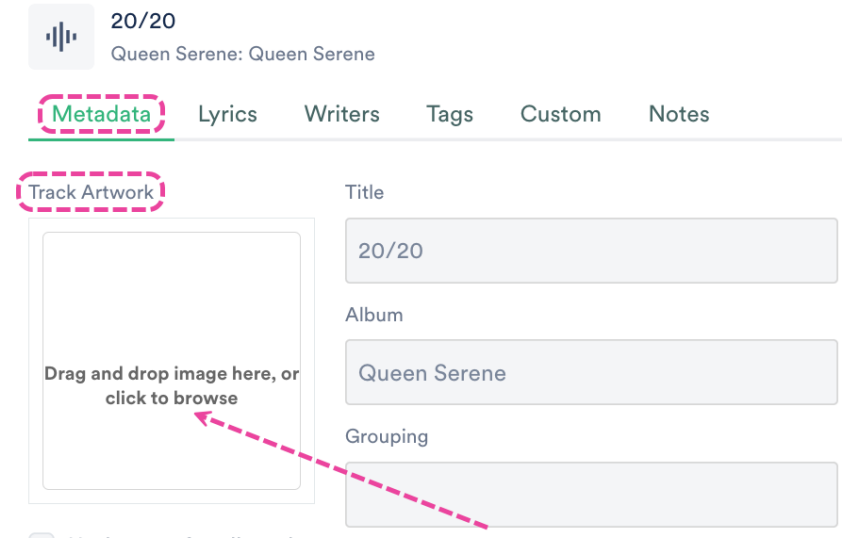

1. Open the **Track menu (⋮)** for the desired Track and select **Edit track information**.

Alternatively, you can hover over the **'i'** icon on the Track, and select **View full track info**.

2. From the **Metadata** tab, drag and drop an image under **Track Artwork**, or click to browse files on your computer.

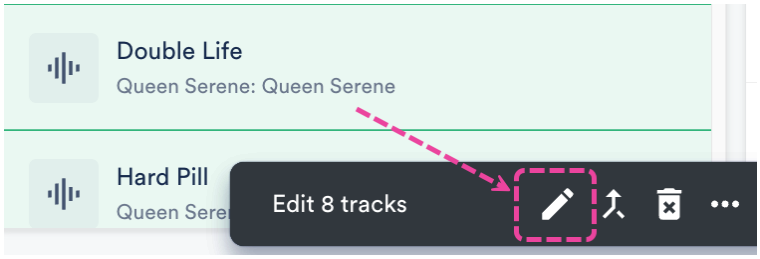

> ***Tip:*** *To update artwork for other Tracks with the same metadata, check the box to* ***Update art for all tracks****.*

3. Click the **Save** button.

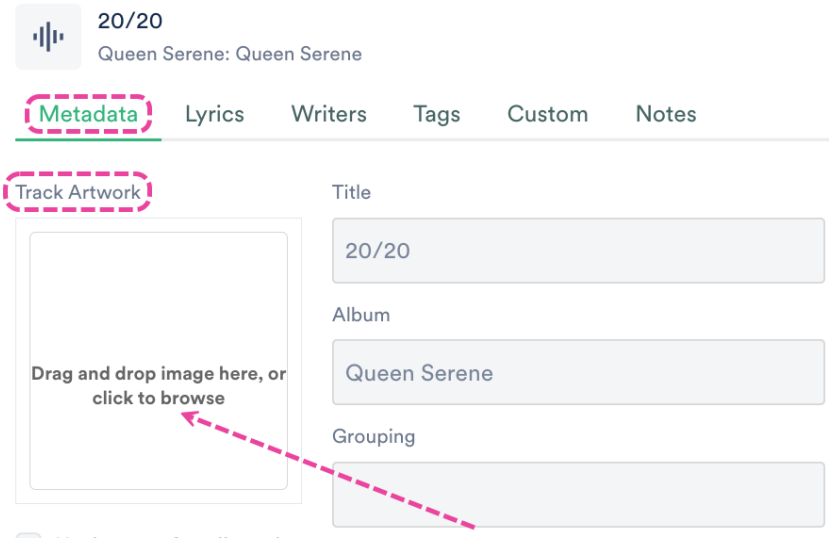

4. The artwork will now appear on the Track in DISCO and on any share pages.

For multiple Tracks:

1. Use a keyboard shortcut to multi-select Tracks.
2. In the **Edit** menu at the bottom of the screen, click the pencil.
