Submitting your DISCO Tracks on promotion sites (Submithub, Musosoup, Pytch, etc.)

Last Modified on 10/15/2026 1:23 pm PDT

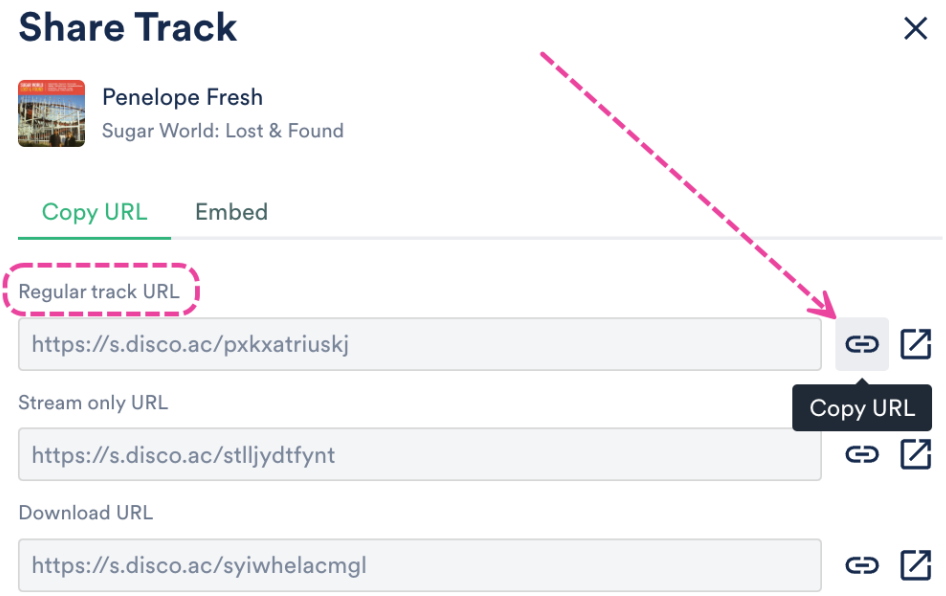

When promoting your music, publicists and promo platforms typically want to listen to your music several weeks before the release date. With DISCO, it's easy to share your music with album artwork, metadata, and high-quality audio before it's released.

At a glance

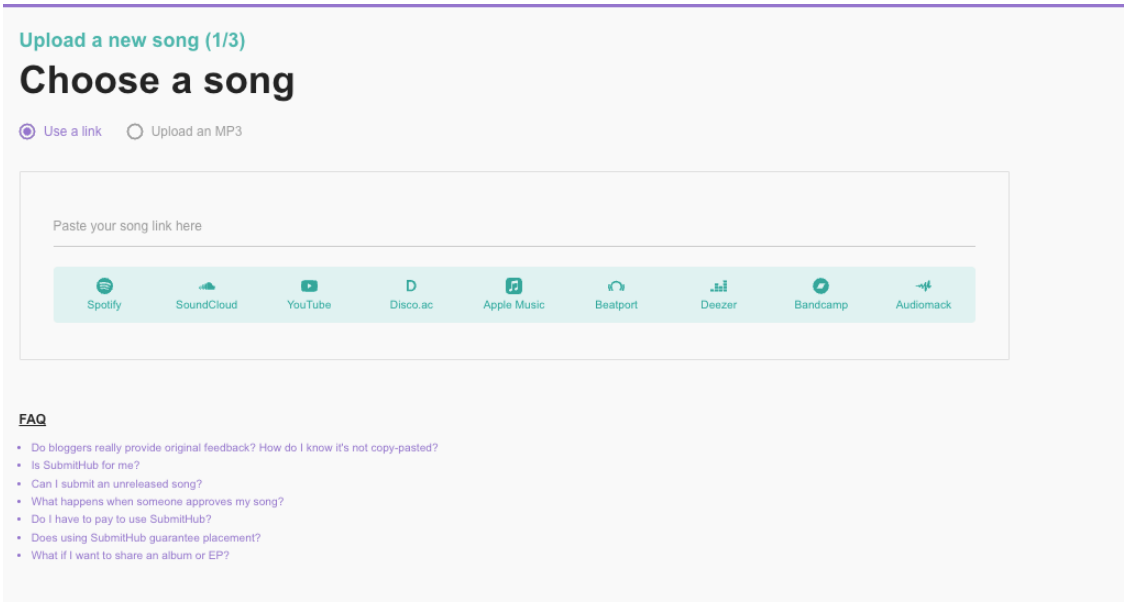

You can share links and embed codes for individual Tracks from your DISCO to submit on promo platforms such as Submithub, Pytch, and Musosoup. This is not meant to be an exhaustive list of all platforms, if you find that a platform doesn't support DISCO links, feel free to contact their support or contact us and we'll try to get it sorted □□

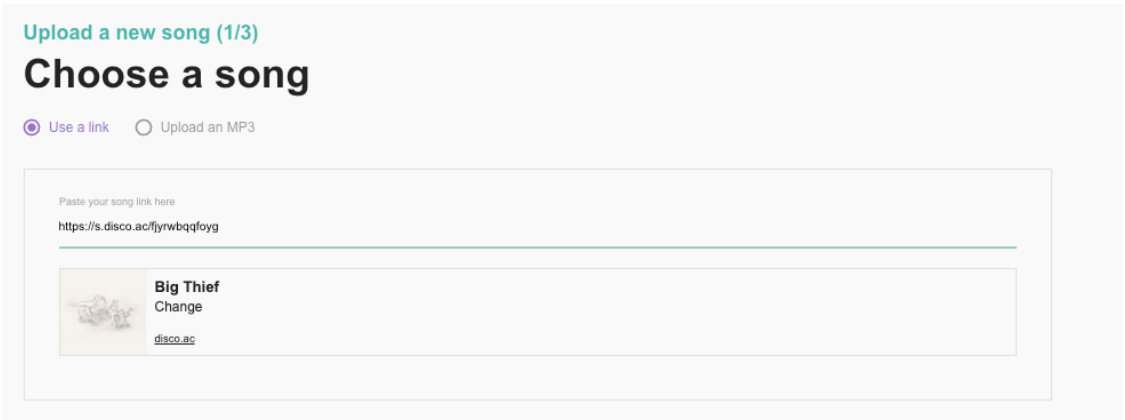

Submithub

1. Open the **Track menu (⋮)** and select **Share**.
2. In the **Share Track** menu, from the **Copy URL** tab, copy the **Regular track URL**.

3. Paste the DISCO Track URL into Submithub.
